## Software Developer

Bangkok, Thailand • +66 931640118 • kgmyattun7777@gmail.com • linkedin.com/in/kaung-myat-tun

Full Stack Developer with 3+ years of experience in building web and mobile applications using modern technologies like React, Next.js, NestJS, and React Native. Skilled in developing scalable systems, API integrations, and database design. Strong collaborator with a passion for delivering efficient and secure solutions.

### WORK EXPERIENCE

---

#### Full Stack Developer

Sept 2023 – Present

Future Makers, Bangkok, Thailand

- Built and maintained ERP modules using Next.js, NestJS, GraphQL, and MongoDB.
- Integrated third-party e-commerce APIs (Shopee, TikTok, Lazada, LINE) to streamline product, order, and customer data management.
- Designed and implemented a unified live chat system enabling customer communication across social platforms (Messenger, LINE, Instagram), featuring role-based access, sales assignment, and real-time messaging.
- Optimized GraphQL queries to improve backend performance and reduce response times.
- Collaborated with cross-functional teams in an Agile environment, participating in sprint planning, code reviews, and deployment cycles.

#### Frontend Developer

Feb 2023 – Aug 2023

Xenoptics, Chiang Mai, Thailand

- Developed a web-based IoT Network Management System dashboard using React.js and TypeScript.
- Built key features including system topology visualization, system and connection management, user and role management.
- Collaborated closely with cross-functional teams—including system and R&D teams—through sprint planning and weekly coordination meetings.

#### Full Stack Developer

Dec 2021 – Jan 2023

Myanmar Web Creator, Yangon, Myanmar

- Developed and deployed e-commerce platforms with integrated payment gateways, delivery tracking, and live chat features.
- Built Learning Management Systems (LMS) and Content Management Systems (CMS) using React, Laravel, and MySQL to support scalable content delivery and administration.
- Designed and implemented mobile applications using React Native, featuring user authentication, note-taking, API integration, and push notifications.

### EDUCATION

---

#### West Yangon Technological University, Yangon, Myanmar

2016 – 2020

Bachelor of Engineering – Mechanical Engineering

- Discontinued in 2020 due to the COVID-19 pandemic. Transitioned to the IT field and began developing a career in software development through self-learning and practical experience.
